

International Summerweek

Towards the sun

Connected to the earth
created for flying
Get closer to the sun
With that, my being
can unfold
the whole beauty
of the Creator.

Summer is generally considered the season of heightened joy of life. For years now, the summer dance week in Rothenburg has been THE highlight of our annual agenda. The participants come from all over the world (Canada, Chile, Australia, Brasilia, Korea, Italy, Ireland etc. etc.) to dance in the beautiful Rococo period hall.
